PATRYCJA PANASIUK

Frontend Developer

Profile

Detail-oriented Frontend Developer && UI designer with a passion for crafting engaging and user-centric web experiences. Proficient in HTML, CSS, JavaScript, React, Next.js and TypeScript, with hands-on experience in building responsive and interactive user interfaces. Adept at collaborating with cross-functional and multicultural teams to bring designs to life and optimize front-end performance.

📍 Warsaw, Poland

EDUCATION

Full Stack Developer
School Of Applied Technology, Sweden
2021-2022

Bachelor of Civil Engineering
Lublin University of Technology, Poland
2013-2019

Bachelor of Landscape Architecture
Lublin University of Life Sciences, Poland
2012-2016

STACK

JavaScript ES6	**Also:**
TypeScript	Node JS
React, Redux	Adobe, Figma
Next JS	SQL, MongoDB
HTML, CSS, SCSS	D3.js, GSAP
Tailwind, MUI	Vercel, Heroku,
Wordpress	CI/CD

LANGUAGES

Polish - native	German - A1
English - C1	Spanish - A2

SKILLS

problem solving	teamwork
critical thinking	creativity
detail-oriented	scrum
user-centered design	

Experience

2023 - present
Adlife, Warsaw, Poland
Frontend Developer

- creating Web Applications from scratch and developing existing ones with new functionalities using React, Next.js and Redux in a scalable way
- collaborating with Project Managers, BE developers, BA, UX/UI (auditing UX design from a tech perspective and giving insights), and consultation with clients to deliver user-centered and highly performant Web App
- integrating B2C websites with headless CMS to allow content editors easily maintain a website
- actively participating in scrum meetings (backlog refinement, sprint planning, retro)
- considering SEO practices to enhance the website's search engine visibility

2021 - 2023
SALT, Oslo, Norway (remote)
Software Developer Consultant

- developing interactive elements using JavaScript, React, Next, and GSAP, enhancing user engagement through animations, and transitions
- implementing complex design mockups and wireframes from Figma using Storybook, styling with Tailwind, maintaining design fidelity and usability
- integrating with backend services by consuming RESTful APIs to fetch (axios, React query) and display dynamic content
- utilizing browser developer tools to diagnose and debug frontend issues, optimizing performance, and troubleshooting layout problems
- prioritizing responsive design across a range of devices (mobile first)
- participating in UI design and interactive prototypes to visualize and iterate on user interfaces, ensuring usability and efficiency before full development
- identifying and prioritizing the most crucial frontend features for the MVP based on user needs and business goals

2019 - 2020
ScandyHouse, Warsaw, Poland
Architect, Product Owner

- creating a brand of a company that sells prefabricated houses
- researching the market, looking for new solutions and taking into account the needs of customers
- constantly devising automation solutions (for instance - an online configurator in order to help clients with cost estimation)
- creating a website from scratch - from logo, graphic design to programming (Adobe XD, HTML, CSS, JavaScript, React)
- collaborating with clients and multidisciplinary teams

CERTIFICATES

2021 - Go Carrots
**From vision to online business:
E-commerce**

2022 - Accenture
Digital Skills: User Experience
https://www.futurelearn.com/certificates/vg0pq2x

COURSES

2021 - 2022 - FADO
Leadership training workshops

The entire program took 100 hours. It was divided into 5 practical modules: leader person, leadership communication, team leader, leadership tools and design tools. The course was designed to increase soft skills and working in a team.

I use these skills in my daily work with colleagues. It is easier for me to understand their behavior and to resolve possible conflicts.

Experience

2015- 2019
New Zealand, England, Germany, Poland
Architect / Civil Engineer

- creating mockups and 3D models with an aesthetic sense
- thinking analytically and solving engineering problems
- working with multicultural and multidisciplinary teams

Hobbies

travelling (50 countries)   volleyball   indonesian architecture   psychology   design   rock music
